1. Consider and Discuss Maple Leaf Tree Picture Event on Facebook.

Noah Smith considered hosting the best tree picture event on Facebook around the time Maple Leaf Events started. The first year will be a trial run to see how many people participate in the event. Following years may turn into a contest with the best tree picture. More discussion will follow on the topic. Advertising for the event will be made on the CWEP Facebook page and shared by other Facebook pages. An advertisement for the event will be on the sign in front of Memorial Hall as well.

Meeting Adjourned at 5:00 pm.
