

City of Carthage, Missouri
PUBLIC SERVICES COMMITTEE

April 16, 2024 - 5:30 PM
CITY HALL COUNCIL CHAMBERS

AGENDA

1. **Call to Order**
2. **Old Business**
 1. Approval of Previous Minutes
3. **Citizen Participation**

(Citizens wishing to address the Council or Committee should notify the City in advance and provide the item they want to address in written format at least 24 hours before the meeting. Please call Angie Judd at the Parks & Recreation office at 417-237-7035, or email a.judd@carthagemo.gov.)
4. **New Business**
 1. Consider and Discuss Schreiber's event for June 1st.
 2. Consider and Discuss Sudstock event for August 24th.
 3. Consider and Discuss Great Americans Day event for May 14th.
 4. Consider and Discuss YMCA 5k Fun Run in Kellogg Lake Park.
 5. Consider and Discuss Kraken Swim Meet event for June 15-16th.
 6. Consider and Discuss LIME agreement.
 7. Consider and Discuss MOU Easement with Carthage Eye Care.
 8. Consider and Discuss Tree Ordinance changes.
 9. Consider and Discuss Removal of Storm Debris.
5. **Staff Reports**
6. **Other Business**
7. **Adjournment**

PERSONS WITH DISABILITIES WHO NEED SPECIAL ASSISTANCE CALL 417-237-7000 (VOICE) OR 1-800-735-2466 (TDD VIA RELAY MISSOURI) AT LEAST 24 HOURS PRIOR TO MEETING

Subject: Request for Approval: Schreiber Park Day Event

Dear Public Service Committee,

We are writing to request your approval for a planned event titled "Schreiber Park Day". This is a Diversity, Equity, and Inclusion event hosted by our BBN business resource group. This five-hour event on June 1, is designed to celebrate our company's diversity and promote inclusivity.

The DEI Park Day will feature family-friendly activities, live music, bounce houses, Hot Ones wing eating contest, a selection of food trucks, and DEI booths. Alcohol will be on a BYOB basis and not be sold. We believe that these elements combined will provide an enjoyable and engaging experience for attendees of all ages and backgrounds.

We are expecting 100 to 150 Schreiber partners to attend this open to the public event. Your approval will allow us to proceed with the arrangements and further contribute to our company's cultural richness.

Thank you for your time and consideration. We look forward to your positive response.

Best regards,

Jason Clark
Schreiber Foods
Global Delivery IT Business Analyst
BBN Representative

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)
03/13/2024

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Sudstock 2024

“Together again for good, clean fun!”

Date: August 24

Time: Noon to 3 p.m.

Location: Carthage Municipal Park Area

Activities for this pop-up water park event will include:

- Foam Pit, Foam Cannon
- Water curtain/Rinse Off station
- Water slide race with foam cannons
- Sprinklers, inflatable pool, bubbles in small child area (Lil' Squirts)
- Inflatables
- Super soakers and beach ball activity
- Vendor booths and resources
- Music/Emcee on stage

Background:

We're coming "together again for good, clean fun" on August 24th! In 2021, Sudstock took the place of Mudstock, providing a free pop-up water park for families to enjoy while taking in knowledge related to substance misuse prevention. This event is brought to you by the Carthage Caring Community Coalition and the Alliance of Southwest Missouri.

In 2020, a record-breaking 100,000 overdose deaths occurred in our nation. By providing some "good, clean fun" and built-in drug prevention education during this event, we hope to keep Carthage youth and families healthy, strong, and substance free.

This is our cooling center!

Great Americans Day 2024

Description: Living history field trip for Carthage fifth graders

Date: Tuesday, May 14, 2024

Time: 7:45 AM: Volunteers arrive

 8:45 AM: Students arrive via school bus

 2:00 PM: Event ends

Details: Volunteer committee:

 Bonnie Schaeffer, Assistant Director Adult Education-Carthage
 Technical Center

 Michelle Holliday, retired teacher

 Debbie Herbst, Mercy Dietitian/Diabetes Educator

Eight volunteer actors/actresses portray historical American figures who embodied virtues, such as courage, humility, perseverance, and are examples for students.

Three stations provide other activities, including making a craft, learning the Virginia Reel and playing old fashioned games.

Funding provided through Carthage R-9 foundations and donations.

Contact person: Debbie Herbst

 417-793-4834

deborah.herbst@mercy.net

Thank you for your support

To Whom it may concern,

The Fair Acres Family YMCA in partnership with Feeding Inc. respectfully requests the usage of the Kellogg Lake City Park for the purpose of a Color Fun Run event. Proceeds/donations raised during this event will be used to support Feeding Inc. a 501c Non-profit service. The date we are requesting is November 9th, 2024.

We would like to request we be permitted to begin race day registration at 8 am on November 9th with our race event beginning at 9 am, completing at the park by noon. The after race celebration and awards ceremony will be held off campus from the park at Feeding Inc., to showcase their facility and the work they do, feeding the hungry in the City of Carthage.

This event would need to include parking, the road that leads around Kellogg Lake and the adjacent surrounding space in the immediate area of Kellogg Lake for registration start and finish lines, in addition to a space for friends and family to view the race and participate in cheering on the participants. We will provide volunteers and staff during this event to ensure safety and smooth operations are observed during the event.

As a color fun run, there will be 4-5 stations of safe biodegradable color powder (specially designed for this purpose) used to sprinkle on runners as they run past the stations as part of this event. These stations will take special care to distribute this powder a safe distance away from the water, and to avoid any contact with the water or waters edge during the race. A race waiver will be required for each participant prior to the race, releasing The Fair Acres Family YMCA, Feeding Inc. and the City Parks and Rec. Department from any and all liabilities of runners participation.

We are most grateful for your consideration, and hope to meet with you on Tuesday to present our request in person.

Please feel free to reach out should you have additional questions.

Thank you for your time.

Tericia Mixon
Executive Director
Fair Acres Family YMCA & Y on the Square

Attention: Public Service Committee

Re: June 15-16, 2024

The Kraken Fair Acres Y Summer swim team would like to use food trucks as a concession during our swim meet. We use this as a fundraiser for our teams.

Due to the team size, we do not have parents available to dedicate to setting up our own concession stand, let alone have the space near the pool area to keep items at proper temperature. Each food truck donates back 10% to our team and we have done this for the past several years to assist with covering coaching fees, purchase equipment and defray costs associated with the team. We are still trying to find a truck with availability. We will ask about the Carthage licensing.

In the past we have located the food trucks either between the skating rink/pool area or over in the pavilion parking lot. CWEP drops a power supply panel near the skating rink for us to run our computer and timing systems.

The timeline for the meet:

- Friday evening – setting up inside the pool after it closes (if there is a party we will set up after 8pm). Possibility of large tent for the t-shirt vendor between roller skating rink/pool
- Saturday – teams arriving 630am. Finishing by 4 – depending on the number of swimmers.
- Sunday – teams arriving 630am. Finishing by 230 – depends on the number of swimmers present but the 2nd day of the meet goes quicker.

Thank you,

Barbara Wright

Kraken, Swim Board Advisory President

COUNCIL BILL NO. _____

ORDINANCE NO. _____

An Ordinance authorizing the Mayor to enter into a Contract with Neutron Holdings, INC. d/b/a LIME, a Delaware Corporation, for scooter rental in the City of Carthage, Missouri.

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF CARTHAGE,
JASPER COUNTY, MISSOURI** as follows:

SECTION I: The Mayor of the City of Carthage is hereby authorized to enter into an Agreement with Neutron Holdings Inc. d/b/a/ Lime Scooter, a copy of which Agreement is attached hereto and incorporated herein as if set out in full.

SECTION II: This ordinance shall take effect and be in force from and after its passage and approval.

PASSED AND APPROVED THIS _____ DAY OF _____, 2024.

Dan Rife, Mayor

ATTEST:

Miranda Deal, City Clerk

Re: Micromobility Partnership between Lime and Carthage, Missouri

To whom it may concern:

Lime is excited to partner with the city of Carthage to make micromobility a part of the local transit system. Lime currently operates in 30 countries and over 200 individual markets. Lime is currently the largest micromobility provider in the world and we are capable of providing a collaborative and positive program for the city of Carthage.

All the information and data provided in our proposal is true and complete. Any other information the city needs can be provided upon request. We welcome further conversations to ensure that a partnership with Lime proves to be successful for the city of Carthage.

Sincerely,

Dan Shoman
Regional General Manager - U.S. South

ORGANIZATIONAL BACKGROUND AND OVERVIEW

Lime is the world's largest, most experienced micromobility provider. Founded in 2017, our mission is to build transport systems that are **green, shared and affordable**. We operate electric bike and scooter sharing services in over 200 cities across 30 countries globally. **We have safely provided over 250 million sustainable rides across our services to date.**

We use our global experience to launch and run well managed services that deliver for cities, with a focus on **safe riding, responsible parking, environmental impact, equitable access, and data sharing.**

Lime currently operates in multiple cities in **Missouri** including **St. Louis & Washington**. The City of Carthage will be managed by the local team based in Tulsa, Oklahoma

<u>Lime</u>	<u>Local</u>	<u>Overview</u>
--------------------	---------------------	------------------------

Our local team currently manages several cities comparable to Carthage including:

- Jenks, OK: 22k Pop - 100 Scooters - Teresa Nowlin - tnowlin@jenksok.org
- El Reno, OK: 19k Pop - 60 Scooters - Matt Sandidge - msandidge@cityofelreno.com
- Guthrie, OK: 11K Pop - 75 Scooters - Justin Fortney - jfortney@cityofguthrie.com
- Washington, MO: 14K Pop - 75 Scooters - Sal Maniaci - smaniaci@washmo.gov

The local Lime team currently manages 12 cities across 4 states:

- **Oklahoma:** Oklahoma City, Tulsa, Norman, Edmond, Jenks, El Reno, Bartlesville and Guthrie
- **Arkansas:** Little Rock
- **Missouri:** Carthage
- **Texas:** Dallas and Lubbock

Legal or Regulatory Enforcement Actions

Lime operates in 200 cities and 30 countries globally. We currently have no active litigation or regulatory enforcement in the state of Missouri. Lime is the largest micromobility provider in the world and we pride ourselves on safety and being good community partners by focusing on safety and adhering to local regulations.

Scooter

Description

The most sustainable Lime scooter yet

Lime Gen4

Dual Handbrake

Comparable to bike handlebars, the dual braking system is even more intuitive to riders.

Firmware

Lime's proprietary firmware includes immediate geo-fencing response, with self-diagnosing and sidewalk-riding detection capabilities.

Swappable Battery

A new battery that can be swapped in the field between our e-bike and scooter fleet will allow for more sustainable operations in dense urban environments.

High-Visibility Reflectors

Reflectors on the baseboard, stem, CCU unit, rear fender and logos enhance visibility at night.

Lower Deck

A lower center of gravity means a sturdier feeling ride, while making it easier to step on and off.

Double Kickstand

Increased vehicle stability when parked makes it less likely a scooter will fall over, leading to less clutter on sidewalks.

Tap-and-ride technology

New tap-and-ride capability helps riders get on and go quicker than ever.

Swept Handlebars

A first for shared scooter models, the swept back handlebars allow riders to keep their elbows by their sides in a natural position to reduce fatigue and provide a more comfortable ride.

Tougher Aluminum Frame

With IP67 waterproofing against rain or snow, the Gen4 frame is sturdiest and longest-lasting in our fleet and improves scooter lifetime.

Most Powerful Motor to Date

New enhancements to the motor will help to riders tackle hills with ease.

Enhanced Suspension

Mountain bike-inspired front suspension mean a smoother ride over rough road conditions like cracks and bumps. The smoother ride also reduces vibrations that cause fatigue, and extends the vehicle's lifetime.

Bigger Wheels

Solid honeycomb tires tackle the toughest road conditions to improve stability.

Meet Lime's latest generation e-bike

Swappable battery

25 mi range; interchangeable with Lime Gen4 scooters

Integrated Lock

Electronically controlled hub lock

Added Power

350 Watt motor to improve hill climbs

Easy Handling

Lower center of gravity

Phone Holder

For improved navigation

Intuitive Controls

Handlebar & brake lever redesign for safe, easy riding

Automatic 2-speed transmission

smooth acceleration without gear shifts

City Speed

Top speed 20 mph (where allowed)

Dimensions: 675" L x 1720" W x 1055" H
Curb Weight: 72 pounds

Maintenance & Operations Plan

Lime conducts frequent preventative and responsive maintenance on our scooters. Our Operations Specialists field staff are equipped with a mobile toolset to complete a routine maintenance inspection of each scooter anytime it is interacted with in the field. This means every time our staff deploys, reparks, or rebalances a scooter, a preventative maintenance check is conducted. Additionally, any scooter flagged either by our riders, our City partners, or our staff as being in need of repair is marked in our app for retrieval and the scooter is placed into "maintenance mode," which prevents a rider from using the scooter until it can be inspected and repaired.

"Maintenance Mode" scooters are returned to the warehouse for a full 65-point evaluation covering screws, brakes, handlebars, grips, battery damage or wear, lights, cleanliness, a test ride, and more by our trained mechanics. Any scooter overdue for an inspection is flagged for immediate retrieval. Furthermore, in order to ensure maximum safety of our riders, the following triggers place the vehicle into maintenance mode and flag the vehicle for inspection. If any issues are identified, the scooter is returned to our warehouse for repair:

- **In-App and Customer Service Reports:** Any scooter with an issue reported via the Lime app or to our Customer Service line is flagged for retrieval and inspection.
- **Self-Diagnostics:** Once deployed, our scooters are self-diagnosing. Our scooters can automatically identify more than 100 issues, each with a specific error code. We are also notified for issues like idling for more than 24 hours, loss of GPS signal, low battery, and multiple failed unlocks. In addition to the scooters themselves, our maintenance plan also includes regularly ensuring our parking areas are tidy.
- **Repairs:** If a maintenance issue is identified, the scooter is brought back to the warehouse for further analysis and repair. Only our highly trained and specialized Mechanics work on our scooters. Once a scooter has entered into the warehouse, the scooter must pass through five individual quality control diagnosis checkpoints by a Mechanics Lead before being redeployed. Our Mechanics Leads have been put through additional in-house training regarding identification of quality issues.

Lime has Standard Operating Procedures (SOPs) for every task to provide detailed steps for our Mechanics and Operations field team to ensure timely and consistent repair execution. Through our internal Operations and Mechanics App logs are maintained of all maintenance activities related to each scooter, which will be provided to the City upon request.

Environmental impact - Lifespan and disposal practice

Data from our global markets shows us that **one in four Lime trips takes someone out of a car and onto more sustainable transport options** - either by using a Lime scooter or bike to travel directly from A to B, or by improving connectivity to and from local hubs. Scooters can also **build new advocates for sustainable transport infrastructure like cycle lanes and low traffic areas.**

Lime has invested in our wider operational approach and supply chain to deliver environmental benefits across the board. Our Gen4 scooter has a confirmed lifespan of five years, with specific reuse and recycling partnerships set up to minimize waste when vehicles are no longer operable.

Pricing Plan

In Carthage Lime is committed to providing an affordable transportation option to every rider while providing safe, best-in-class service.

Our standard scooter price in Carthage will be \$1.00 to unlock and \$0.39 per minute. Bikes are \$1.00 to unlock and \$0.25/min

Lime Access: Lime offers heavily discounted pricing for lower-income individuals through our Lime Access program. Lime Access participants receive a 70%+ discount off our standard rates - just \$.50 to unlock and \$.015/minute. We also have special pricing programs both to better enable residents to shift their daily trips to a more sustainable mode of transportation, as well as ensuring all riders can benefit from the City's scooter program, regardless of income.

Storage of Scooters

Upon request or based on need, all vehicles can be automatically remotely deactivated and will be locked and parked in designated areas or moved to our warehouses for repairs and charging as needed.

Proposed Fleet Size & Service Area

At launch, Lime proposes deploying a fleet of up to 50 scooters and 15-20 bikes across the Carthage Service Area (shown below AVG 50). Lime has the ability to quickly and easily expand our fleet further to meet growing demand at the City's request for seasonal or event based needs.

Operational / Rideable Area

RED = No Operations Zone / No Rideable Area

Geo-Fencing

Technology

As a result of investments in our hardware and software over the last five years, Lime now offers the industry's

most accurate and responsive geo-fencing technology capabilities. **Our geofencing technology is accurate to within 2-3 feet and can be activated within one second.**

Lime uses geofencing to create virtual “zones” that limit speed, designate parking areas, and limit service areas. Geofenced zones are prominently displayed in our app to enhance rider awareness and compliance.

Our zone types include:

- **Service Zone (Boundary Limits):** Riders cannot travel outside the Service Zone.
- **No Parking Zone:** Riders are prevented from ending their ride in a no parking zone.
- **Preferred Parking Zone:** Identified in the app, all corrals will be designated as Preferred Parking Zones.
- **Low-Speed Zone:** Our app and the scooter screen inform users when they enter a Low-Speed Zone. Their speed will automatically and gradually be reduced to meet the zone-specific speed limit.
- **No-Ride Zone:** Similar to a Low-Speed zone, but the vehicle throttle will deactivate and users must physically roll the vehicle outside the zone in order to re-accelerate or end the trip.

Any of these zone types can quickly be created, adjusted, and removed; Lime will work closely with the City throughout our operations to implement and modify geofencing as-needed.

Please refer to the map in the section above to see examples of where you can and cannot ride in Carthage, based on Zoning. Any additional restrictions can be easily added and enforced with new zones.

<u>Intended</u>	<u>Program</u>	<u>Launch</u>
Lime would need one week between notification of award and launch, but Lime is able to flex this schedule as needed to meet the timeline of the city.		

<u>Deployment</u>	<u>Strategy</u>
Lime looks forward to working with the city of Carthage to discover the best locations for scooter deployment and which routes are available for riding.	

Rebalancing/Redistribution: Our real-time dashboards track the position and status of every vehicle, so we can dispatch team members to rebalance the fleet immediately to address any issues. Each vehicle has GPS and wireless unit and wireless location technology so we can track details remotely, including distance travelled, estimated battery life and remaining mileage. We use a proprietary algorithm to prioritise field tasks based on route and task importance. This program is built into our operations app and turn-by-turn navigation to each task to minimise wasted travel.

Vehicles designated for scheduled inspection and maintenance, or those that have been reported as emerging faults, are deactivated and brought to the Lime warehouse.

Retrieval/Charging: The new Gen4 scooter has a replaceable battery which means that our local team can simply swap out dead batteries with fresh ones, which keeps the city fresh with fully charged scooters, without the need of taking the entire scooter back to a location where it can be charged. This drastically increases the uptime for scooters available in Carthage, ensuring that riders will always have scooters available for rent throughout the city.

<u>Receiving</u>	<u>and</u>	<u>Resolving</u>	<u>Issues</u>
Riders and non-riders alike can report a vehicle blocking a sidewalk, travel lane, pedestrian right-of-way, or any other issue through Lime’s 24/7, multilingual customer service. Our 175 member customer service team provides support in numerous languages such as Spanish, Mandarin, and Korean. Lime’s Carthage customer			

service will be available by **phone, email, text, Twitter**, through the **Lime app**, and via our **Trust and Safety Portal** website at safety.li.me. Live response times from our customer service team average roughly 60 seconds.

If the ticket requires an intervention (e.g. a vehicle that needs to be moved), our Customer Service Team marks the vehicle to be retrieved and rebalanced. This creates a task in our internal task management system for our Carthage Operations Team to quickly flag the vehicle for retrieval, which generally happens within 30 minutes and no more than two hours.

Helmet **Distribution** **Strategy**

Lime encourages all our riders to wear helmets through various channels, including direct messaging on our vehicles, in the Lime app, through social media, and at safety events throughout the year. Lime will also provide free helmets to riders at various events we will participate locally in Carthage throughout the year.

Local **Operator** **Contact**

Matt Reeves, our local Operations Coordinator in Tulsa, will be the City's direct point of contact. He can be reached via email at matt.reeves@li.me and via phone at 918-639-9004. In order to reach the entire Operations Team, please email help-tulsa@li.me.

Customer **Service** **Operations**

Lime makes reporting any issues simple for riders and non-riders alike. We provide numerous channels to contact Lime support, including via phone, email, through the Lime app, on social media, and via our website and safety portal. Lime's Customer Support is headquartered in San Francisco, with regional hub locations across the world, all of which are available 24/7.

Our main customer service number is 1-888-LIME-345 (1-888-546-3345). Like all means of contacting customer support, our phone support is available in multiple languages, including: Spanish, Mandarin, Korean, German, Tagalog, French, Italian, Portuguese, Hungarian, Hebrew, Polish, Romanian, Czech, Swedish, Finnish, Danish, and Greek, among others. Written correspondence via email, in-app or social media is easily and immediately translated in any language.

Safety **History** **Summary**

Lime has committed itself to the safety of riders and other citizens who live in the cities we operate. This commitment is why we are constantly updating our hardware and software. For example, our new Gen4 bikes and scooters are the most reliable and stable vehicles in the marketplace.

Lime also continues to innovate via our technology platform to help educate our riders on safer riding practices, limiting the speed of individuals new to riding micromobility vehicles, and ensuring that riders understand the safety guidelines created by the local government.

Complaint History Report

Lime is willing to provide a Compliant History Report per city upon request. Lime has not deployed any scooters in a market without approval from local authorities.

Communication & Outreach Plan

Lime's five-step ORDER framework promotes positive user behavior and trains users on appropriate parking, as well as addressing any misparked vehicles in 15 minutes.

OUTREACH

Education starts before the first ride: All riders are required to take a "how to ride" tutorial and an in-app quiz before they can access a Lime scooter. Lime has partnered with the League of American Bicyclists to enhance this rider safety content, focusing on how to ride micromobility vehicles defensively in urban settings.

Social & Traditional Media: Lime will use our social media platforms on Twitter, Facebook, Instagram, and our website to reinforce City-specific rules along with emphasizing safe riding and respectful parking messages. We also collaborate with community partners to share these messages via their social media channels. In addition, Lime has a communications staff that shares our messaging via traditional media outlets.

Safety Portal: Our Safety Portal website (safety.li.me) includes how-to-ride video tutorials, a customer service request form, a discounted safety equipment store, and a signup form for our Digital First Ride events. Every week more than 4,000 people visit our safety portal weekly.

In-Person Education: In addition to online education, Lime and our community partners host in-person trainings like our signature **First Ride** events. These events can be recurring, interactive hour-long safety sessions hosted by our local Operations Team to educate riders on best practices to safely ride and properly park a scooter. **First Ride** events help to build a culture of scooter safety, educate riders on how to ride a scooter, and demonstrate Lime's commitment to safety.

On-Vehicle Education: Based on survey data and feedback, we found that some users learn best from information posted on the vehicle itself. Consequently, we have placed our customer service contact information and safety messaging on the stem of each scooter. In addition, we can securely affix hangtags to our vehicles that educate riders on safe operating and parking.

REMINDERS

Continuing Education: We provide regular ongoing messaging and reminders covering safety tips, parking information, and city-specific rules, including where riding and parking are permitted and prohibited. These reminders are sent via a variety of channels, including in-app messaging, text messages, and e-mail. We also sent messages based on specific triggers, like geographic area (notifying a rider of entering or leaving a geofenced zone), time of day, special events, and more. We can also post critical information permanently across the top of the home screen in the Lime app.

Rider Safety Scorecard: Providing transparent, timely feedback is a proven mechanism for behavior change. To help riders learn from prior issues, Lime provides a Safe Rider Scorecard, which shows riders a summary of their past issues, including factors like sidewalk riding, parking violations, and erratic riding.

DIGITAL TECHNOLOGY

Enhanced End of Trip Photos and Validation: Before riders are able to end a trip, riders are shown guidance regarding proper parking and must actively document that they have parked correctly with a photo showing the parked vehicle. Our Operations Team audits these photos, triggering incentives and rewards for good parking, and educational reminders, fines, and even

deactivation for repeated parking violations.

EXECUTION

Monitoring and Reporting: Our Operations Team will monitor the fleet 24/7. We will deploy team members to retrieve any vehicles in need of charging, repair, or that have migrated outside the service area. We also have multiple channels for riders and non-riders alike to report parking issues or other concerns. Our response time to identified issues is generally less than 15 minutes and no more than two hours.

Age Verification: All Lime riders must be at least 18 years of age. Lime requires all riders to verify their age through a two-step ID validation process before they are allowed to take a trip.

RESPONSIBILITY

Finishing: To create a culture of accountability, riders can be assessed fines for poor parking or riding behavior--including violations of the city rules and regulations--up to the full cost of any municipal fine. Repeat offenders will be expelled from the platform.

Easy Reporting: Lime makes reporting any complaints simple for riders and non-riders alike. We provide numerous channels to contact Lime support 24/7, including via phone, e-mail, in-app, and social media. Additionally, Lime's customer service contact information is affixed to the stem of each of our vehicles.

We also frequently partner with cities to integrate into their non-emergency reporting program so that people have a familiar avenue for reporting issues. For example, in Los Angeles, Lime is integrated with their 311 non-emergency reporting system. We are enthusiastic about integrating with GoCOS to enable reporting of issues directly via the GoCOS app.

User Equity Plan

Lime firmly believes that affordability should not be a barrier to access to reliable, safe transportation, including the Lime service. As a result, we were the **first dockless micromobility company to implement a program specifically to increase access for low-income community members, Lime Access**. This program provides a significant discount on our standard pricing and allows community members access to the Lime platform without the need for a bank account or smartphone.

Lime Access participants receive a 70%+ discount off our standard rates - just \$.50 to unlock and \$.07/minute. Recipients of any local, state, or Federal benefits, including students with Pell Grants, are eligible to participate.

Privacy Policy

We take great care to safeguard our users' privacy and to inform them about the data we collect and the circumstances under which we share data. Lime's Privacy Policy is available here <https://www.li.me/en-us/legal/privacy-policy/>

Lime stores minimal PII (personally identifiable information) in our database; we maintain name, email address, phone number only. Our data is always encrypted at-rest via AES-256 and encrypted in-transit via TLS. We also have access control policies to make sure data is not shared with anyone outside the Company. Within the company, only a limited number of administrators are able to access rider data and only for specified purposes.

We use PCI-compliant third-party processors for payment processing. The processor gives us a token to authorize a payment and we never touch or store the customer payment information.

Data Breach History

CONFIDENTIAL, PROPRIETARY, AND TRADE SECRET INFORMATION

To date, Lime has not had any US data breaches. Lime implements intrusion detection and intrusion protection systems ("IDS/IPS") for detecting suspicious activity within our system. Lime maintains an internal mailing list for reports of suspicious activity. If a data breach were to occur, our communication protocol goes into effect. Lime will notify the authorities immediately and related business partners no later than 72 hours after discovering a data breach.

Data Sharing Agreement

Lime is committed to sharing meaningful and actionable data with our municipal partners. Lime will provide all of the data required, including real-time location and availability data for the fleet, archival trip data, archival collision data, and archival complaints data in the format determined by the City.

We also offer our proprietary Insights Dashboard that allows the City to access up-to-date data on the Carthage fleet on-demand. The Insights Dashboard also includes analysis of the most frequently sought data and the ability to download datasets in .csv format for further analysis.

Finally, Lime routinely collaborates with municipalities on surveys to collect and analyze additional useful data. We look forward to working closely with the City to distribute rider surveys.

Fees

Lime is able and willing to pay the City the fees indicated by the City of Carthage. Lime proposes a one year contract initiation payment of \$1,875.00 (\$25 per Lime Vehicles, assuming a fleet capacity of 75 Lime Vehicles for Carthage). In addition, Lime shall submit a fee of twenty cents (\$0.20) per trip taken on any Mobility Device Lime has deployed in the City. The per-trip fee shall be invoiced quarterly.

Safe riding

Wherever we operate, safety is always our key focus. Lime has invested in industry-leading innovations to ensure our vehicles are safe for riders, other road users and pedestrians. These include:

- **Requiring all users to take training on the Lime app the first time they hire a scooter or bike.** More detailed training is available via our online scooter driving school and Lime also hosts regular in-person "First Ride Academy" training sessions across its global markets.
- **Capping the speed of our electric scooters.** Our GPS technology means we can enforce speed limits in specific, low-speed or no-ride zones, such as in pedestrian areas or outside schools.
- **Fitting every one of our scooters with a clearly displayed unique ID number** making it easy to identify and, if necessary, take enforcement measures against any rider breaking the rules.

These innovations are backed up by **high-quality, Lime designed and developed hardware**. Our Gen4 scooter is built for safety. It has been **developed from the data of over 200 million Lime rides around the world**, and has a number of best in class hardware features, including:

- Dual hand brakes and a drum braking system, **delivering the shortest braking distance of any shared rental scooter by up to 50%**
- Nine reflectors and lights onboard, **providing visibility of up to 300m**
- Lower baseboard and swept back handlebars to allow for **greater rider stability and rider indication via hand signals**
- **On-vehicle technology which provides an immediate geofence response**
- **12" front wheel and mountain bike-inspired suspension**
- **Double kickstand** to help safe parking and prevent our scooter from being knocked over

Lime is currently scheduled to launch the Gen4 scooter model in Carthage, Missouri starting in May.

Lime will continue to use its SJ 2.5 model to supplement the fleet in Carthage as needed.

Responsible parking

Lime uses mandatory parking systems to deliver well managed services. Users are required to end their scooter ride in parking bays, marked in the Lime app and on the ground. Lime's on-vehicle GPS technology, **accurate to up to 30cm**, prevents users ending their rides outside of these zones - created in consultation with local authorities - **avoiding issues with street clutter and helping to create an ordered and well managed trial that works for everyone.**

In addition to this technology, Lime also invests in **on the ground operations teams across its service areas**, which are responsible for collecting and re-parking any abandoned or mis-parked vehicles, as well as other fleet management tasks, such as swapping batteries, conducting safety and maintenance checks, vehicle sanitization and monitoring for poor rider behavior like pavement riding or double riding.

Investing in equitable access

Lime operates in over 200 cities worldwide. We know that **no-one should ever be priced out of making more sustainable transport choices**, and we have developed specific initiatives to ensure this doesn't happen in our partner cities.

Our Lime Access program provides key workers, students, apprentices and other eligible riders with unlimited discounted rides. This is live across our global markets, and has delivered hundreds of thousands of discounted rides to date.

Community engagement is about more than free and discounted rides. Wherever we operate, Lime also partners with local charities to provide funding and wider support to them via our **"Lime Hero"** initiative. Hero encourages Lime riders to round up the cost of their ride to the nearest currency unit, with Lime matching all donations. Ahead of our prospective Dallas launch, **Lime is already working to secure a local Lime Hero partnership .**

Lime's commitment to equitable access extends to our own workplaces, which is why Lime is **a proud living wage employer.**

Data sharing

We know cities need data to understand and assess the impact of our services. Lime is committed to sharing all relevant usage data with our partner cities using MDS and GBFS APIs, alongside providing access to our proprietary "Insights Dashboard", which tracks usage patterns alongside other key metrics such as fleet size and trips per vehicle.

In addition to this, Lime also manually shares data with cities to assess on-street management - for instance, parking compliance and operational response times, as well as mode shift survey data to evaluate sustainable impact. **This type of information is crucial when developing long term partnerships with cities.**

By focusing on **safety, responsible parking, equitable access, environmental impact and data sharing**, Lime has been able to build and scale services that **deliver on cities' key aims**. We are excited by the opportunity to launch in Dallas, and are working hard to ensure we can launch and manage services that will help micromobility become a part of Dallas' transportation system.

The undersigned hereby certifies that the contents of the application are true and correct; and in consideration of the issuance of said license(s), agrees to fully comply with all applicable ordinances of The City of Oklahoma City and statutes of the State of Oklahoma.

Title of Document: ENCROACHMENT EASEMENT

Date of Document: March ____, 2024

Grantor(s) and marital status: *M. Gregory Soriano and Tamra L. Soriano Living Trust October 22, 2021*

Grantee(s): *City of Carthage*

Mailing Address(s): *326 Grant Street Carthage, MO 64836*

Legal Description: All of the East Thirty Six (36) feet of Lot Numbered Nine (9) in the ORIGINAL TOWN, now City of Carthage, Jasper County, Missouri, according to the recorded plat thereof, and all of the West One Half (W1/2) of the vacated alley lying East of the adjoining subject premises.

Subject to Building lines, easements, restrictions and conditions of record, if any, and to any zoning law or ordinance affecting the herein described property.

Reference Book and Page: Book 2614 Page 383

ENCROACHMENT EASEMENT

This Encroachment Easement AND waterline easement made this ____ day of March 2024, by M. Gregory Soriano and Tamra L. Soriano Living Trust ("Grantor") to and for the benefit of the City of Carthage a Municipal Corporation ("*Grantee*").

Witnesseth:

Whereas, Grantor is the owner of the real property described above; and

Whereas, Grantee is the owner of certain property contiguous and adjacent to Grantor's Property; and

Whereas, Grantee is the owner of a certain waterline and irrigation lines which encroaches upon Grantor's Property adjoining Grantee's property along the west line of Grantors property both inside and outside the building; and

Whereas, Grantor has agreed to grant an easement to Grantee for the service of said waterline and irrigation lines and the existence of the encroachment on Grantor's Property upon the terms and conditions herein set forth.

Now, Therefore, in consideration of the sum of One Dollar (1.00) and other good and valuable consideration, the receipt and sufficiency of which are herewith acknowledged by Grantor, Grantor does hereby grant, convey, release and remise unto Grantee a revocable easement for the purposes of the maintenance of Grantee's water and irrigation lines and the encroachment thereon on Grantor's Property as said lines are located along the west line of Grantors Property; provided, however, that nothing herein shall be construed as granting any other rights, ownership, tenancy or otherwise in and to any portion of Grantor's property and Grantee by its acceptance hereof acknowledges the right and title of Grantor in and to Grantor's Property and that this Encroachment Easement is being granted solely for the purposes of granting Grantee the right to maintain its said waterline and irrigation lines as now located and as the same may encroach upon and be located upon Grantor's Property until revoked.

In Witness Whereof, Grantor has caused this Encroachment Easement to be duly executed the day and year first above written.

Sec. 21-274. Creation of tree board. - Amended

Said board shall consist of five (5) voting members, at least eighteen (18) years of age, appointed by the mayor with approval of the city council. All Members must reside within 5 miles of City Hall or be a representative of a business located within the city limits. No more than one (1) member of the board can be employed by the same employer.

(Ord. No. 99-73, § I, 9-28-99; Ord. No. 10-03, § I, 2-23-10)

ARTICLE VIII. - TREES^[5]

Footnotes:

--- (5) ---

Cross reference— Removal of, § 21-150 et seq.

Sec. 21-271. - Purpose.

As a community concerned about environmental health and quality of life , the city of Carthage, Missouri is dedicated to the protection, health and growth of its urban forest. Carthage recognizes the many benefits of the urban forest to its citizens and the environment. Trees contribute to a healthier community as well as providing energy saving benefits and environmental benefits. It is the purpose of this article to promote and protect the public health, safety, and general welfare of the public and its trees by providing for the regulation of the planting, maintenance, and removal of trees, shrubs, and other plants located on public rights-of-way, public easements, public parks, and all property owned by the City of Carthage, Missouri. It is also the purpose to create and maintain Carthage's community forest in a healthy and strong state for citizens of today and future generations.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-272. - Definitions.

The following words, terms and phrases, as used in this article, shall have the meanings respectively ascribed to them in this section, unless the context clearly indicates otherwise:

- **ANSI A300 standards** are the generally accepted industry standards for tree care practices.
- **Arboriculture** shall mean practice and study of the care of trees and other woody plants in the landscape.
- **Arborist** shall mean professional who possesses the technical competence gained through experience and related training to provide for or supervise the management of trees and other woody plants in residential, commercial, and public landscapes.
- **Hazard trees** shall mean trees with severe structural defects or splits that threaten public safety or property, trees in severe decline as a result of a non-native, invasive insect infestation or diseases, or harbor non-native insect infestation or disease that cannot be abated through appropriate treatment as current arboricultural practices allow.
- **Landmark tree** shall mean any tree listed with the state or national registry or cited in the city's tree registry as being historically significant, by age, species or form.
- **Park trees** shall mean trees, shrubs, bushes and all other woody vegetation in public parks.
- **Community Forest** shall mean all trees within the municipal boundaries of the City of Carthage
- **Private community forest** shall mean all trees within the municipal boundaries but not owned by the City of Carthage.
- **Public community forest** shall mean all street and park trees, and other trees owned by the City of Carthage as a total resource.

- **Right-of-way** shall mean all that area dedicated to the public, by ordinance, for use as a street, thoroughfare, alley, or utility easement.
- **Street trees** shall mean trees, shrubs, bushes and all other woody vegetation located on a street or alley right-of-way within the city.
- **Monoculture** shall mean a population of trees comprised primarily of a single species or cultivar.
- **Utility friendly trees** shall mean trees or shrubs which, under normal growing conditions, are unlikely to interfere with overhead or underground utilities or hardware in the future and which will not require maintenance or pruning by public utilities. Carthage Water & Electric can be contacted for suggestions for utility friendly trees.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-273. - Title.

This article shall be known and may be cited as the "Carthage Tree Ordinance" of the City of Carthage, Missouri.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-274. - Creation of tree board.

Said board shall consist of five (5) voting members, at least eighteen (18) years of age, appointed by the mayor with approval of the city council. No more than (1) member of said board serving at any one (1) time shall be a nonresident of the City of Carthage. Said member must be residential, business customer or representative of commercial customers of Carthage Water & Electric Plant (CW & EP). No more than one (1) member of the board can be employed by the same employer. In all cases, such member of the board shall live within five (5) miles of the Carthage city limits.

(Ord. No. 99-73, § I, 9-28-99; Ord. No. 10-03, § I, 2-23-10)

Sec. 21-275. - Compensation of board members.

Members of the tree board shall serve without compensation.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-276. - Terms of office.

The term of the five (5) persons to be appointed by the mayor shall be three (3) years each, except that the term of two (2) of the members appointed to the first board shall be for only one (1) year and the term of two (2) members of the first board shall be for two (2) years. The mayor may, by and with the consent of the city council, remove any member of the board at any time when, in their judgement, such removal shall be in the best interests of the city. The mayor shall appoint a council member to serve as liaison to the tree board.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-277. - Vacancies.

In the event a vacancy shall occur during the term of any board member due to death, resignation or removal, his successor shall be appointed for the unexpired portion of this term.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-278. - Board's duties and authority.

The tree board shall:

- (1) Choose its own officers, make its own rules and regulations, keep minutes of its meetings, and act by a vote of a majority of its five (5) members at meetings at which a quorum shall be present. A majority of the board shall constitute a quorum.
- (2) In an effort to maintain and promote the growth and health of the city's urban forest, the tree board shall develop a management plan for the planting, care, cultivation, pruning and removal of trees, shrubs and plants located on city property and education of the Citizens of the City of Carthage. The plan may include provisions designating the species of trees, shrubs and plants to be planted, preserved and removed or replaced. This plan shall be updated on an annual basis and should include details for tree care, replacement, maintenance, removal and disposition of trees. Such plan shall be presented to the city council for approval and upon acceptance and approval by resolution of the council, such plan shall constitute the official comprehensive tree, shrubs and plants plan for the city.
- (3) Trees planted in city rights-of-way, public easements, public parks or any other property owned by the city by city staff or citizens shall select a species from a list of tree species that have been pre-approved by the tree board. The list is available upon request from the Parks and Recreation Department office. The list of trees shall be reviewed and amended, as necessary, by the tree board as appropriate. City staff or citizens wishing to plant trees that are not on the current tree board list must present a Proposal for Exemption to the tree board for review and approval.
- (4) The city has the right to review the decisions, activities and conduct of the tree board.
- (5) The Tree Board shall adopt the ANSI A300 standards for all practices for tree care, planting, maintenance, and removal.

Sec. 21-278.1 Official tree

The sugar maple (*Acer saccharum*) shall be the official tree of the City of Carthage.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-279. - Designation of a city arborist.

The mayor may, with consent of the city council, designate an individual to serve as city arborist and to perform the duties and exercise the authority conferred upon him by city ordinance.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-280. - Landmark trees.

The city arborist shall have as one (1) of his duties, the location, selection and identification of any trees which qualify as "landmark trees." In the absence of a designated city arborist, the tree board shall have the duty of selection and identification of "landmark trees".

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-281. - Spacing.

The spacing of street trees shall be in accordance with city's official list of acceptable street and park trees and no trees may be planted closer to each other than the following: small trees, 15 (fifteen) to thirty (30) feet; evergreen trees, 15 (fifteen) to thirty (30) feet; and large trees, 30 (thirty) to fifty (50) feet; except in special plantings which have been designed by a landscape professional and approved by the tree board.

As conditions permit, street trees shall be located (planted) so that a tree on one (1) side of the street within a block will be located half way between any two (2) street trees on the opposite side of the street, given that such spacing does not conflict with any other ordinances.

Planting of trees in a monoculture is generally not recommended to avoid complete eradication of monoculture species due to future unforeseen insect infestations or diseases. There may be places where a monoculture is appropriate for a specific visual effect but should not be done on a large scale. No monoculture of trees of one species should exceed five (5) individual plants in a grouping.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-282. - Distance from curbs and sidewalk.

No trees may be planted closer to any curb or sidewalk than three (3) feet.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-283. - Distance from street corners and fire hydrants.

No street trees shall be planted closer than fifteen (15) feet from any street corner, measured from the point of nearest intersection curbs or curb lines. No street trees shall be planted closer than ten (10) feet from any fire hydrant.

Sec. 21-283.1 – Trees interfering with public transit and/or travel.

Trees which overhang sidewalks or walkways shall be pruned not less than eight (8) feet above said sidewalks or walkways. Trees which overhang public streets or alleys shall be pruned so no portion of the branch overhangs said public street or alley less than fourteen (14) feet. Trees on private property which obstruct public travel (sidewalks, streets or alleys) shall be considered unlawful and subject to citation and penalty as per Sec. 21-289. Said trees shall be trimmed by the property owner, at their own expense, in such a way as to allow uncomplicated travel by public. Trees on private property which obstruct clear vision of signs, traffic signals or other devices for traveling motorists shall fall under this section and be held to the same standards, expectations and penalties as listed above in this section.

Sec. 21-283.2 – Distance from street light and street signs.

No street trees shall be planted closer than twenty-five (25) lateral feet from street lights. No street trees shall be planted closer than twenty (20) lateral feet from any traffic stop signs or traffic yield signs.

Sec. 21-283.3 – Planting city trees near overhead and underground utilities.

Citizens and all departments of the city shall be responsibly conscious of locations of overhead and underground utilities when planting trees on public rights-of-way, public easements, public parks or other property owned by the city. The city of Carthage, a utility friendly city shall practice and promote the concept of "Right Tree Right Place". For public safety and the reliability of the utility service, citizens and

city shall consult with Carthage Water & Electric Plant (CW&EP) for suggestions for utility friendly shrubs and trees in areas where trees may interfere with overhead and underground utilities in the future. Said trees shall also comply with the city's list of approved trees as cited in Sec 21-278-(3) and shall not be planted within fifteen (15) lateral feet from any overhead utility wire. Trees shall not be planted within five (5) lateral feet from any underground water line, sewer line, or other underground utility. Consult Sec. 21-283.5 for information on location of underground utilities.

Sec. 21-283.4 – Protecting urban forest trees during new construction activities.

Construction projects can be extremely stressful on trees and can cause irrevocable damage to existing trees. Any construction, private or public, which will affect trees on any public property, shall follow guidelines and procedures as listed in International Society of Arboriculture's *Best Management Practices (BMP) – Managing Trees During Construction, Second Edition* by Kelby Fite and E. Thomas Smiley or newest subsequent version or newer reference designated by the Tree Board. Failure to comply with the BMP's will result in citations and penalties specified in Section 21-289 of this Article.

Sec. 21-283.5 – Contact Missouri One Call System prior to digging.

Any city employee or citizen who will be digging holes for the purpose of planting trees on public rights-of-way or property shall first contact the Missouri One Call System to have underground utilities located and marked to avoid damaging said utilities during excavation to stay in compliance with Missouri Underground Facility Safety and Damage Prevention Act, RSMo Chapter 319.010-319.050.

Sec. 21-283.6 – Replacement tree guidelines for public construction.

In the event that trees on city property or rights-of-way must be removed due to street widening, sidewalk installation or repair or other public works activities, the city shall replace each tree according to the following guidelines:

Trees over seven (7) inches in diameter at breast height (DBH) measured 4.5 feet from the ground shall be replaced two (2) for one (1) meaning for each tree removed, the city shall plant two (2) trees.

Trees less than seven (7) inches in diameter at breast height (DBH) measured 4.5 feet from the ground shall be replaced one (1) for one (1) meaning that for each tree removed, the city shall plant one (1) tree.

Replacement tree(s) shall:

- Be planted on city property preferably in immediate vicinity of removed tree(s), but if not possible the replacement tree(s) shall be planted on City property where city arborist and/or tree board decides.,
- Be planted at the appropriate time of year to ensure survivability,
- Be planted, maintained and cared for according to ANSI A300 guidelines and this ordinance.
 - Maintenance shall include watering in adequate amounts as directed by City or its designee.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-284. - Tree topping.

It shall be unlawful as a normal practice for any person, citizen or employee of any city department to top any street tree, park tree, or other tree on public property. Topping, rounding off or pollarding is defined as the systematic cutting back of limbs with the tree's crown to such a degree as to remove the normal canopy and disfigure the tree. Topping trees is an improper pruning practice according to ANSI A300

industry accepted proper pruning standards. Topping trees contributes to the expedited decline of the health of the trees. Trees severely damaged by storms or other causes, or certain trees under utility wires, or trees obstructing alleys or streets, or other obstructions where other pruning practices are impractical may be exempted from this section at the determination of the city arborist or tree board. Violations of this section shall be punishable according to penalties outlined in Sec. 21-283.4 of this ordinance.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-285. - Public tree care.

The city shall have the right to plant, prune, maintain, and remove trees, plants, and shrubs within the right-of-way or bounds of all streets, alleys, lanes, squares, and public grounds to provide benefits to the Citizens of Carthage or as may be necessary to insure the public safety. City shall prune all trees, public or private, according to ANSI A300 pruning standards. This provision shall guarantee the health and growth of the urban forest.

(Ord. No. 99-73, § I, 9-28-99)

(see above Sec.21-283.3)

Sec. 21-286. Damage to public trees.

It shall be unlawful to plant, prune, maintain, vandalize, mutilate, kill, remove any tree or shrub including its parts above or below ground on public property without express written permission of the City of Carthage or its designated agent (Tree Board, City Arborist, Public Works Director).

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-287. - Dead or hazardous tree removal.

The city shall have the right to cause to be removed any tree located within the public rights-of-way, public easements, public parks, and all property owned by the city that is dead or has been declared a hazard. In the event that a tree deemed as hazardous is located on private property and poses an eminent threat to public safety, the director of Public Works shall have the authority to command removal of the tree or parts there of causing emergency safety situations. This will be done with or without the prior notification to or consent of the property owner.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-288. - Enforcement of the article.

It shall be unlawful for any person to prevent or interfere with the tree board or any of its representatives, contractors or agents while engaging in public tree care.

(Ord. No. 99-73, § I, 9-28-99)

Sec. 21-289. - Violations.

Any person who commits, assists in or allows any violation of this article shall be guilty of a misdemeanor punishable by a fine of not less than fifty dollars (\$50.00) and not more than one thousand dollars (\$1000.00), unless otherwise specified. For each day that a violation occurs or continues, it shall be considered a separate offense and punishable as a separate misdemeanor upon conviction. If, as a

result of the violation of any provision of this article, the injury, mutilation, or death of a tree, shrub or other plant located on city-owned property is caused, the cost of repair or replacement of such tree, shrub, or other plant shall be borne by the party guilty of such violation, in addition to fines.

In the event trees on city property or rights-of-way must be removed due to violation of any provision of this article, the convicted person shall replace each tree according to the following guidelines:

Trees over seven (7) inches in diameter at breast height (DBH) measured 4.5 feet from the ground shall be replaced two (2) for one (1) meaning for each tree removed, the city shall plant two (2) trees.

Trees less than seven (7) inches in diameter at breast height (DBH) measured 4.5 feet from the ground shall be replaced one (1) for one (1) meaning that for each tree removed, the city shall plant one (1) tree.

Replacement tree(s) shall:

- o Be planted on city property preferably in immediate vicinity of removed tree(s), but if not possible the replacement tree(s) shall be planted on City property where city arborist and/or tree board decides.,

- o Be planted at the appropriate time of year to ensure survivability,

- o Be planted, maintained and cared for according to ANSI A300 guidelines and this ordinance.

- ☐ Maintenance shall include watering in adequate amounts as directed by City or its designee.

March 2024 Summary

Overall March was a good month for us. We had some cold days in March, but most of the month was prime golfing weather. This directly correlates with rounds played. Cody and his maintenance crew completed the aerification of the greens that must be done at the beginning of the year. This helps our greens stay healthy by eliminating thatch and smoothing them out. This process will happen again towards the end of the season.

March is the month where our golf season really kicks off. We held 2 events in March. The Jerad Housh Memorial fund that maxed out on players at 108, and CMGA Opening Day which had 56 players. We also started our Thursday Night Police League. Coming in April we will kick off 3 more weekly leagues that will run until September. Our pre books for merchandise all arrived in February and March. We now have a fully stocked Pro Shop for the start of our season. Merchandise sales have been great for this time of year, we have sold multiple clubs, a couple bags, and lots of smaller accessories like golf balls, gloves, hats, etc.

We sold 9 Junior Memberships, 3 Senior Memberships, and 1 Single Membership. The rest of the balance was from monthly withdrawals.

March Golf Maintenance

- Mow greens
- Mow green surrounds
- Roll greens
- Rolled baseball field
- Tore down old putt putt building
- Hauled dumpsters off for putt putt building
- Removed trees at range
- Removed concrete at range building
- Aerified greens two days
- Top dressed and dragged in sand
- Mowed tees
- Sprayed broadleaf herbicide and pre emergent
- Fixed well pump
- 9 control box is dead found a bad neutral wire will need new power wire ran to it
- Watered greens
- Fertilized greens for aerification
- Sprayed two apps on greens
- Cut down dead pine tree on hole 5
- Fixed irrigation heads
- Treat pond for algae
- Put pre emergent on green surrounds
- Turned water on in bathrooms

March 2024 Summary

There were few rentals in March but the month was full of events. The Chamber Business expo used the facility for 3 days with set up. Recreation had 1 paint Class, a Sushi101 class, and 4 dance classes, a swap meet, and 1 dance workshop. We added Dancing with Joy Fundamentals and the 4 classes we schedule in March had attendance around 25-30 Participants in each. We have a sold-out for Sushi 101 class March 2nd. We have sold out of table for the Swap Meet (Handmade and Vintage Market). Little league has been working on tryouts, creating teams, schedules and ordering uniforms. We are having great feedback from the coaches and parents about Little League and our organization.

Illness
Road Work
Road Work

March 2024 Month End

Municipal Park- Trash ran 2 days a week, limbs picked up as needed, ground trash removed as needed. New trash cans installed in park. Extensive work done at rock stadium getting it ready for baseball season. Several days were committed to this project. Filled gap all around fence, cleaned up interior, painted interior walls, grass was planted on exterior so watering began, exterior work was done to clean up areas around stadium. Shelving was installed in bathrooms, plumbing was put together in old bathroom prepping it to open.

Carter Park- Trash ran 2 days a week, limbs picked up as needed to prepare for start of mowing season, ground trash removed as needed, new trash cans installed in park,

Kellogg Park- Trash ran 2 days a week, limbs picked up to prepare for start of mowing season, ground trash removed as needed.

Griggs Park- Trash ran 2 days a week, limbs and leaves removed to prepare for start of mowing season, ground trash picked up daily, this park has been a problem with vandalism and ground trash all winter so extra work was needed almost daily to clean and fix all problems.

Fair Acres Park- Trash ran 2 days a week, ground trash removed as needed, work was done on all fields to prepare for baseball and softball season several days were needed to get this done, bathrooms were put together and opened, leaks addressed and fixed, some repair work had to be done on several bathrooms, work on new bathrooms began, mowing started up on fields.

Memorial Hall- repairs were started to a couple areas needing remodeled

CARTHAGE LITTLE LEAGUE BASEBALL
Local Little League Sponsorship Agreement

This sponsorship agreement between the Carthage Little League (hereinafter, "Local Little League")
and ROPER HONDA hereinafter, "Sponsor") is
_____ for the
2024 season.

Sponsorship of the Local Little League must be, for the Sponsor, out of a sense of duty to help the community. While Sponsorship does afford some benefits (detailed below), the higher purpose is to help the Local Little League impart the values of teamwork, sportsmanship, and fair play to the children of the community, so that they may someday use these values in becoming good citizens.

Sponsorship of the Local Little League does not permit the Sponsor to have any rights or responsibilities in the operation of the Local Little League or any team in the Local Little League, nor does the Sponsor have any rights or responsibilities in the selection of managers, coaches or players for any team in the Local Little League. Nothing herein shall make us partners or joint ventures. The Sponsor and the Local Little League are independent contractors with respect to one another, and neither shall have any authority to represent or bind the other in any manner or to any extent whatsoever, except as specified herein.

Any reference to the Sponsorship under this agreement must make it clear that the Sponsorship is with the Local Little League ONLY, and NOT with Little League Baseball, the organization. Use of the marks of logos of Little League Baseball by any local sponsor is prohibited, unless permission is expressly granted in writing by Little League Baseball, Incorporated.

Carthage Little League agrees to provide the following benefits in exchange for the sponsorship commitment (all sponsor levels include your logo on Carthage Little League Website and Social Media):

☐ **TEAM SPONSOR - \$500 (# of teams to sponsor: _____)**

Benefit: Sponsor name/Logo appears on the front chest of the uniform jersey and hat. Team Photo.
If possible, please align this sponsorship with the following player or coach:

Name: _____ Player ____ Coach (please check one)

We do our best to accommodate requests, but reserve the right to use sponsors for any division.

☒ **DIVISION SPONSOR – Choose Level Below**

Benefit: Fence banner advertisement displayed for 1 year.

Sponsor must provide high-quality artwork or provide information to appear on sign.

☐ Minor League - 4' x 8' - \$300

☒ Major League - 4' x 8' - \$300

☐ Senior League - 4' x 8' - \$300

☐ **LEAGUE SPONSOR - \$100**

Benefit: Logo on a banner shared with all League Sponsors.

For the above considerations, the Sponsor donates \$ 300⁰⁰ to the Local Little League, understanding that its donation is to benefit the entire league.

Nothing herein shall make us partners or joint ventures. The Sponsor and the Local Little League are independent contractors with respect to one another, and neither shall have any authority to represent or bind the other in any manner or to any extent whatsoever, except as specified herein.

Any reference to the Sponsorship under this agreement must make it clear that the Sponsorship is with the Local Little League ONLY, and NOT with Little League Baseball, the organization. Use of the marks of logos of Little League Baseball by any local sponsor is prohibited, unless permission is expressly granted in writing by Little League Baseball, Incorporated.

Carthage Little League agrees to provide the following benefits in exchange for the sponsorship commitment (*all sponsor levels include your logo on Carthage Little League Website and Social Media*):

☒ **TEAM SPONSOR - \$500 (# of teams to sponsor: 1)**

Benefit: Sponsor name/Logo appears on the front chest of the uniform jersey and hat. Team Photo.
If possible, please align this sponsorship with the following player or coach:

Name: Wesley Lasiter _____ Player ☒ Coach (please check one)

We do our best to accommodate requests, but reserve the right to use sponsors for any division.

☐ **DIVISION SPONSOR – Choose Level Below**

Benefit: Fence banner advertisement displayed for 1 year.

Sponsor must provide high-quality artwork or provide information to appear on sign.

- ☐ Minor League - 4' x 8' - \$300
- ☐ Major League - 4' x 8' - \$300
- ☐ Senior League - 4' x 8' - \$300

☐ **LEAGUE SPONSOR - \$100**

Benefit: Logo on a banner shared with all League Sponsors.

For the above considerations, the Sponsor donates \$ 500 to the Local Little League, understanding that its donation is to benefit the entire league.

CARTHAGE LITTLE LEAGUE BASEBALL
Local Little League Sponsorship Agreement

This sponsorship agreement between the Carthage Little League (hereinafter, "Local Little League") and CARTHAGE VFW Post 2590 hereinafter, "Sponsor") is for the 2024 season.

Sponsorship of the Local Little League must be, for the Sponsor, out of a sense of duty to help the community. While Sponsorship does afford some benefits (detailed below), the higher purpose is to help the Local Little League impart the values of teamwork, sportsmanship, and fair play to the children of the community, so that they may someday use these values in becoming good citizens.

Sponsorship of the Local Little League does not permit the Sponsor to have any rights or responsibilities in the operation of the Local Little League or any team in the Local Little League, nor does the Sponsor have any rights or responsibilities in the selection of managers, coaches or players for any team in the Local Little League. Nothing herein shall make us partners or joint ventures. The Sponsor and the Local Little League are independent contractors with respect to one another, and neither shall have any authority to represent or bind the other in any manner or to any extent whatsoever, except as specified herein.

Any reference to the Sponsorship under this agreement must make it clear that the Sponsorship is with the Local Little League ONLY, and NOT with Little League Baseball, the organization. Use of the marks of logos of Little League Baseball by any local sponsor is prohibited, unless permission is expressly granted in writing by Little League Baseball, Incorporated.

Carthage Little League agrees to provide the following benefits in exchange for the sponsorship commitment (all sponsor levels include your logo on Carthage Little League Website and Social Media):

☒ **TEAM SPONSOR - \$500 (# of teams to sponsor: 1)**

Benefit: Sponsor name/Logo appears on the front chest of the uniform jersey and hat. Team Photo. If possible, please align this sponsorship with the following player or coach:

for the
2024 season.

Sponsorship of the Local Little League must be, for the Sponsor, out of a sense of duty to help the community. While Sponsorship does afford some benefits (detailed below), the higher purpose is to help the Local Little League impart the values of teamwork, sportsmanship, and fair play to the children of the community, so that they may someday use these values in becoming good citizens.

Sponsorship of the Local Little League does not permit the Sponsor to have any rights or responsibilities in the operation of the Local Little League or any team in the Local Little League, nor does the Sponsor have any rights or responsibilities in the selection of managers, coaches or players for any team in the Local Little League. Nothing herein shall make us partners or joint ventures. The Sponsor and the Local Little League are independent contractors with respect to one another, and neither shall have any authority to represent or bind the other in any manner or to any extent whatsoever, except as specified herein.

Any reference to the Sponsorship under this agreement must make it clear that the Sponsorship is with the Local Little League ONLY, and NOT with Little League Baseball, the organization. Use of the marks of logos of Little League Baseball by any local sponsor is prohibited, unless permission is expressly granted in writing by Little League Baseball, Incorporated.

Carthage Little League agrees to provide the following benefits in exchange for the sponsorship commitment (all sponsor levels include your logo on Carthage Little League Website and Social Media):

☒ **TEAM SPONSOR - \$500 (# of teams to sponsor: 1)**

Benefit: Sponsor name/Logo appears on the front chest of the uniform jersey and hat. Team Photo.

If possible, please align this sponsorship with the following player or coach:

Name: Heritage Oak, LLC. ☒ Player ☒ Coach (please check one)
Zac Shepherd

We do our best to accommodate requests, but reserve the right to use sponsors for any division.

☐ **DIVISION SPONSOR – Choose Level Below**

Benefit: Fence banner advertisement displayed for 1 year.

Sponsor must provide high-quality artwork or provide information to appear on sign.

- ☐ Minor League - 4' x 8' - \$300
- ☐ Major League - 4' x 8' - \$300
- ☐ Senior League - 4' x 8' - \$300

☐ **LEAGUE SPONSOR - \$100**

Benefit: Logo on a banner shared with all League Sponsors.

For the above considerations, the Sponsor donates \$ \$500.00 to the Local Little League, understanding that its donation is to benefit the entire league.
